Under & Over

This is a popular party game, usually played with three to six players. It can be played (1) with a Dice Tray, two dice and shaker cup, (2) with a Two-Dice "Birdcage", or (3) with an Under & Over Vertical Wheel. You will be playing with option #2.

Players are betting on a single roll of the dice, and, action is fast and easy to follow. Bets can be placed to win if dice total is "Under 7" or "Over 7" – both of these bets pay even money — or players can bet on Dice Total to be exactly "7". On this bet, odds paid are "4 to 1". This means **PLAYER'S CHIP STACK & THREE EQUAL STACKS**. Players can also bet on "Long Shot Doubles". Long shot doubles pay "15 to 1", or **PLAYER'S CHIP STACK & 14 EQUAL STACKS**. When betting on one of the Double Dice Combinations, players betting chip must be placed clearly within any of the six double areas of the lay down. **PLAYER IS BETTING ON THAT EXACT DOUBLE ONLY.**

Only the dealer handles the dice, the birdcage, or spins the wheel.
